Outlook Web Access is another method for the user to get access to one’s email, calendar and contacts without the need to install additional software. Most of what could be accessed from an installation of Microsoft Outlook could be accessed via a web browser. Internet Explorer 6.0 and above works best.

From a web browser, point to http://vsoemail.usc.edu Enter your email address as the username.

Enter “vso\username” without the quotes. For example, vso\smithj.
Once you are signed in, you will see something similar to the following. You may resize your browser to show more information as you see fit.

INBOX with your list of emails similar to Outlook. Click on the heading to sort by From, Received…

Preview Pane of your email.

Navigate to older or newer emails.

When you are done, be sure to LOG OFF by clicking here.
